WHY LEAPRO?

Cost & Operational Efficiency

Leverage our highly qualified Indian talent pool to reduce overhead costs while maintaining strict adherence to US GAAP, IRS and state-level financial standards and deadlines.

Comprehensive Compliance

A proven track record of managing outsourced financial services and 360° compliances for multi-national subsidiaries across various countries.

Scalable Solutions

From standard bookkeeping to complex multi-entity and global transfer pricing management, our services scale seamlessly with your US firm's growth.

Data Security & Accuracy

We prioritize stringent data protection and use industry-leading software to ensure **100% accuracy** in your Book-keeping, AP, AR, and payroll processing.

Our Core Outsourcing Solutions

Accounting/Book keeping

Full-cycle accounting and book-keeping in QuickBooks Online, Xero or NetSuite — month-end close, bank & credit card reconciliation, plus US GAAP reporting and tax compliance.

Payroll Processing

Complete onboarding, employee self-service, and processing of salaries and wages — multi-state payroll tax filings, W-2/1099 processing, 401(k) & benefits administration, using platforms like Gusto, ADP, Paychex and Rippling.

Global AP Processing

Centralized vendor invoice management using top US AP platforms like Bill.com, Tipalti, Ramp, Stampli — with seamless ACH/wire payment processing through your bank.

Global Accounts Receivable (AR)

Streamlining receivables with automated credit control to improve cash flow and reduce Days Sales Outstanding (DSO) — using tools like HighRadius, Billtrust, Versapay and Quadient AR for faster, more predictable collections.

Virtual CFO & Value-Added Services

Strategic Finance Leadership

On-demand, outsourced CFO expertise — budgeting, forecasting, cash-flow planning and strategic decision support to steer growth without the cost of a full-time hire.

MIS & Management Reporting

Timely, board-ready MIS packs and management reports — actuals vs budget, variance analysis and KPI tracking, powered by tools like Fathom, Jirav and Datarails to turn your numbers into decision-ready insight.

Dashboards & Analytics

Real-time, interactive dashboards and financial analytics using Power BI and Syft — visualizing cash flow, profitability and performance trends so you always know where the business stands.

Banking & Treasury Support

End-to-end banking and treasury support — managing banking relationships, payment workflows, cash positioning and liquidity for smooth, well-controlled operations.
